### Campbell Resources, Ltd. Acquires Royal Travel Services

Campbell Resources, Ltd., and its corporate business travel management division Campbell Travel, has announced today that it has reached an agreement to acquire locally based Royal Travel Services. Royal Travel Services, a local agency offering corporate and leisure travel services to the Dallas/Ft. Worth metroplex, has also offered a flexible ministry travel program. Campbell will keep this service, as the growth potential across the United States in ministry travel-related services grows. This agreement was reached to bring continued growth potential to Campbell Resources, and offers the advanced service and technological breakthroughs to all of Royal Travel Service's customers.

"This acquisition brings additional growth to Campbell, and an expansion in a particular field of business," CEO of Campbell Resources Bill Campbell says of the news, "Through our special negotiated contracts and our high-level of service, we will be able to meet the needs for each specific travel program."

Campbell Resources, Ltd. has been serving the DFW community with exceptional management and travel based programs for more than 20 years. Campbell has built their corporate and leisure travel divisions with the idea that the customer always comes first. Along with this, their corporate travel department has accomplished an online adoption rate of over 60%, with the release of the top-rated travel management program RESX. Campbell has been successful in motivating corporate clients through its incentive based offering from RYI Solutions. RYI Solutions is a division of Campbell that markets and provides fulfillment to client's looking to bring high productivity with managed results to the workplace. Campbell's group and incentive department focus on clients looking to energize their staff while staying within their yearly budget. Offering the best value and service to our clients keeps Campbell as one of the top-rated firms from around the country. (<http://www.campbellresources.net>)
